STORYTIME

FAMILY LEARNING

TECH VOCABULARY

A colorful bridge between early literacy and technology.

A concise acquisition overview for librarians, media specialists, storytime leaders, school libraries and community-learning organizations.

A+ Techucation's ABC's of Technology

AUTHORS	Jason Hughes & April Sanders-Hughes
PAPERBACK ISBN	9781098337933
PAGES	36
GENRE	Education / Early Childhood
LANGUAGE	English
AUDIENCE	Young learners, families & educators

1

Storytime

Use an alphabet-and-tech theme for read-aloud programming.

2

Early STEM

Introduce familiar technology words through letters and pictures.

3

Family Learning

Extend reading with music, videos, games and printables.

Every letter
opens a new
technology
adventure.

A is for AI. B is for Byte.

Characters make tech words memorable.

Flash Drive, Floppy Disk and the ABC Tech Bus extend the story world.

Four clear steps from interest to acquisition.

The goal is to make the next step easy for adult library and purchasing staff while respecting each institution's own vendor, procurement and cataloging requirements.

1

Review the acquisition kit

Use this PDF for title details, ISBN, program uses and official contact information.

2

Send an institutional inquiry

Tell us your library type, country, quantity estimate, program interest and purchasing method.

3

Receive current options

A+ Techucation responds with available ordering, resource, presentation or bulk-purchase information.

4

Complete your own procurement process

Your institution decides whether and how to acquire, catalog, program or promote the title.

ACCURACY + PRIVACY

Please do not submit child or patron personal data. An inquiry is not a guarantee of pricing, inventory, digital-library availability, event availability, partnership, or acceptance by a library system. We confirm current options before any commitment.

Let's build a useful library experience.

Ask about acquisition information, institutional ordering, storytime support, author/educator presentations or community learning collaboration.

Start a library inquiry

Adult librarians, media specialists and institutional buyers can contact A+ Techucation directly.

Possible library and community uses

Read-aloud / storytime

Use the book as a colorful technology-vocabulary storytime theme.

Family learning event

Pair reading with music, discussion, games or printable activities.

School-library connection

Use the title as a bridge between literacy and introductory STEM vocabulary.

Author / educator inquiry

Ask about current availability for virtual or in-person presentations.
